

# MBA for Non-Profit Management Academy of Higher Education

(program accredited by the International Council for Higher Education)

The **ACTS Academy of Higher Education** (Bangalore) offers the **MBA in Non-Profit Management** to develop knowledge and skills for leadership in various kinds of non-commercial organizations. This innovative program, with course fulfils a long-felt need for developing effective management in service sector environments.

## OVERVIEW

The course of study is modeled on a traditional program but with special emphasis given to urban, rural and slum development, education, health and environment, relief and rehabilitation and other such development and service oriented initiatives.

Leaders in schools, hospitals, development agencies, and small commercial operations will find this program relevant and useful to enhancing their effectiveness in the workplace by

- a) understanding and applying contemporary management principles and techniques;
- b) responding appropriately to new dynamics that demand change;
- c) gaining expertise and experiences through networking; and
- d) practicing and effectively communicating values for transformation of their communities.

## COURSE DETAILS

Highly qualified faculty and specialists in the field bring a wealth of experience and knowledge to the learning environment. The program is conducted through a distance education model that emphasizes faculty-student contact through online interaction with regular residential sessions and tutorial classes held in **Bangalore, Chennai, and Manila**.

Specifically tailored for distance learning, top quality self-study materials and textbooks are provided to compliment the curriculum, which includes the following courses:

- Management Theory & Practice
- Managerial Economics
- Organizational Leadership
- Human Resource Management
- Ethics in Management
- Management of NGOs & NPOs
- Legal Environment
- Financial Management
